SAMUEL GRIERSON, Esq.,

DEAR SIR,—In your paper of the 8th instant, where you were pleased to draw attention to the business of the National Life Insurance Company of the United States of America, the figures got into wrong positions in stating the number of policies at 4,179, the correct numerals were there, but they should have been placed so as to read 4,791, that being the number of policies issued by the Company previous to May 1st. At this date (May 14) the number issued is 5,025, insuring $14,194,500.

Thanking you for your uniform courtesy, and for the candid manner in which you have written of the National, I remain, yours respectfully,

SPARKLING

CATAWBA SPRINGS,

CATAWBA COUNTY, N. C.

THIS CELEBRATED WATERING PLACE, formerly called the North Carolina White Sulphur Springs, will be open for visitors on Tuesday, the first day of June next.

BEING SITUATED in the Northwestern part of the State, in a country remarkable for its beauty and healthfulness—these, together with the virtues of the waters, make it one of the most desirable watering places to be found.

THE MINERAL WATERS OF THESE SPRINGS

Are the White and Blue Sulphur and Chalybeate or Iron, and they possess all the finest qualities of these waters, and are sovereign remedies for all diseases of the liver, bowels, stomach and kidneys, eruptions of the skin, scrofula, weakness, debility, dyspepsia, rheumatism, &c., &c.

THE PROPRIETOR having spent a large amount in additional buildings and improvements generally, these Springs are now in a condition to receive large and pleasant, and good cottages, containing from two to six rooms each, well arranged for either large or small families.

FINE BATH HOUSES,

For Pool, Plunge or Shower Bath, Sulphur Bath Hot or Cold.

Having secured the services of Mr. J. N. Carter, of Virginia, who has had much experience and stands high as a Hotel keeper, visitors may rest assured that my table will be supplied with the best the market can afford, and everything done that will add to their pleasure and comfort.

The cars on the Western North Carolina Rail Road will leave Salisbury for Hickory Station, the Spring's depot, every morning (Sundays excepted) in connection with the "North Carolina Rail Road," avoiding stoppage or delay at Salisbury, and arrive at Hickory Station in time for breakfast, where good hacks will be in readiness to take passengers over a beautiful, well shaded road to the Springs—a distance of six miles.

THE LABOR QUESTION.

The irrepressible Yankee is considerably exercised on the Chinese question. He sees in this movement a restoration of the South to her old prosperity, and consequently to power; therefore he opposes it. Cheap labor is what we need, and Providence seems to point with unerring finger to the Mongolian as the source of supply. Cheap rice, sugar, syrup, and big fields of cotton is what the importation of Chinamen means. Thus follows great enhancement in the price of real estate, and a conservatism of the individual distinctiveness of the Southern race as it existed before the war.

Under the present system, small farms are necessary; but introduce John Chinaman, and soon planting will be conducted upon a scale as large and much more profitable than at any previous time. We really think this County, always so ready to inaugrate movements requiring energy, talents and capital, should take hold of this matter, and before another season have here the labor necessary to carry on all farming operations on a scale as large as before the liberation of the African.

It is idle to call the Chinaman a heathen. As a race, he is industrious, honest and sober, and will faithfully perform his contracts, more than can be said for the Yankee. We rather think there is as much infidelity and heathenism in New England according to the population as in any country on the globe, and we believe it would be easier to Christianize a Celestial than a Puritan or a "down-easter."

GENERAL WASHINGTON IN A NEW ROLE.—A Yankee correspondent of Forney's *Chronicle* writes as follows:

"After the Colonies were reconstructed as States, the war ended, and Washington inaugurated, the most interesting facts in the annals of Haverhill relate to the visit of President Washington, who made the town one of his stopping-places on his northern tour. He was received with the enthusiasm which the American people keep in reserve for popular Presidents, and he seems to have been in a very genial mood. He walked up what is now Merrimack street to a certain point ever after called Washington Square, and, standing on what is now called 'Little River Bridge,' then commanding for miles an unobstructed view of the Merrimack, he exclaimed: 'Beautiful! beautiful! Another fine scene for the artist.' The street leading from this square to what is now the Haverhill railroad station, was also named Washington street in honor of this visit. President Washington stopped at a public house, although private hospitality was abundantly offered. The night of his stay was chilly, and the daughter of the landlady, hearing her mother say his bed must be warmed, was ambitious to render him this service. She quickly filled the pan with coals and proceeded to his chamber, but was so much embarrassed with the idea that it was the great Washington who sat before her that she could hardly perform the task, and, in her confusion, stumbled and fell as she turned to leave the room, though fortunately, without spilling the coals; whereupon that august personage, the Father of his Country, true to the nature of man and the traditions of his sex, arose and kissed her, and she, true to the nature of woman and the traditions of her sex, went down stairs and told it! My regard for historic verity has compelled me to make this statement, though it is not intended as a warning in any sense to the present Administration. On the contrary, it is mentioned as an encouraging precedent. Washington's diary relating to this northern tour, including his visit to Haverhill, is exceedingly interesting, though in his entries he seems to have 'skipped' this matter of kissing."

The Secretary of the Treasury is perfecting a plan by which national banks can, at stated times during the year, exchange the securities on deposit for any other Government securities.

Ancient Relics.

We may not perhaps be surprised when told that the red earth from which Adam was made is still pointed out both at Hebron and Jerusalem; but it is somewhat startling to be assured by Sir John Maundrell that his skull was found at Golgotha. On the way to Baabec, Maundrell mentions the tomb of Abel, said to have given the adjacent country in old times the name of Abilene. The tomb is thirty yards long, and yet it is believed to have been just proportioned to the stature of him who was buried in it. The men in those days, and the women, too, must have been giants indeed. The tomb of Eve, at Jedda, Burton tells us, is two hundred paces long. That of Seth, on the slopes of Antihbanus, is sixty feet in length. "It would have been twenty feet longer, but the prophet, Seth, who came here preaching to the people who worshipped cows, was killed by them, and was hastily buried, with his knees doubled up under his legs." Noah's tomb, on the opposite side of the vally, is one hundred and twenty feet long. By the time of Joshua the human race had begun to degenerate. His tomb, near Constantinople is only thirty feet long.

Of course Sir John Maundrell has something marvelous to tell us about Noah's ark. He speaks of a mountain called Ararat, but the Jews call it Taneez, where Noah's ship rested, and still is upon that mountain; and men may see it afar in clear weather. That mountain is full seven miles high, and some men say that they have seen and touched the ship, and put their fingers on the part where the devil went out when Noah said "Benadicite." But they that say so speak without knowledge; for no one can go up the mountain for the great abundance of snow that is always on that mountain, both summer and winter, so that no man ever went up since the time of Noah, except a monk, who by God's grace, brought one of the planks down, which is yet in the monastery at the foot of the mountain. This must have been the plank afterward carried off to Constantinople, for three of the doors of St. Sophia were vencered with the wood from the ark.

There are few places of such antiquity the site of which is so satisfactorily determined as that of the Cave of Machpelah. It is by no means improbable that the bones of Abraham, Isaac, and Jacob, are reposing there, though Calvin assures us they were in his time in the church of St Maria Sopro Minerva, at Rome; and portions, at least, are still to be seen in the Cathedral of Prague. Bertrandon de la Brocquire was shown in Constantinople in 1232 "a large stone, in the shape of a washstand, on which they say Abraham gave the angels to eat when they were going to destroy Sodom and Gomorrah." Another relic of Abraham is preserved in the Caaba of Mecca. The original Caaba was of radiant clouds, sent down from Heaven at Adam's request as a representation of the Paradise he had lost. On Adam's death this was removed, whilst another of the same form, built of stone by Seth, was destroyed in the Deluge. Ishmael, by the command of God, rebuilt the Caaba, assisted by Abraham. "A miraculous stone served Abraham as a scaffold, rising and sinking with him as he built the walls of the sacred edifice. It still remains there, an inestimable relic, and the print of the patriarch's foot is clearly to be perceived on it by all true believers."

In a corner of the exterior wall of the Caaba is a stone held in great veneration by the Mohammedans. Some say it was one of the precious stones of Paradise; others that it was Adam's guardian angel, changed to stone for not being more watchful.—Anyhow, it was brought to Abraham and Ishmael by the Angel Gabriel—a jacinth of dazzling whiteness then, but now black as ink, from the touch of sinful men, and only to recover its purity at the Day of Judgment.

If we are to believe the Mohammedans, they are in possession, likewise, of the stone of Jacob's pillow—the rock of the Sakrah, in the Mosque of Omar, at Jerusalem—but the real stone, as everybody knows, is in Westminster Abbey.—*Cornhill Magazine.*

PAINTINGS BY MRS. ROBERT E. LEE.—There is on exhibition at Lexington, Va., a handsome portrait of General Washington, when about thirty years of age, taken when in full uniform, also a portrait of Mrs. Martha Washington, copied from a portrait taken when she was young, both from portraits now in possession of the Washington family, also a photograph of Gen. Lee and Mrs. Gen. Lee, in colors, taken when young. These paintings are by Mrs. Gen. Lee, and are all pronounced excellent likenesses. They are for sale at $100 each, the proceeds to be applied for the benefit of the Episcopal church at Lexington, Va.

An attempt is making in Bourbon county, Kentucky, to raise a fund for the purchase of a home for Jefferson Davis in that, his native State. A gentleman in Louisville has offered, if $50,000 or more shall be subscribed to the fund, to give a splendid building site for a house, with ten acres attached, within four miles of Louisville.

New York has 10,000 thieves, exclusive of city officials.

STATE NEWS.

CLOSED UP.—We learn that the Tobacco factory, of Mr. Bessent, at Jerusalem, Davie county, and also, the factory of Mr. Hobson, Mocksville, N. C., were closed up last week by some of Uncle Sam's officious Tax gatherers. A large number of hands, are thus turned out of employ. When are these annoyances and outrages on the hard working tax payers to cease? Not until Radicalism is destroyed.

COLORED MEN, READ!—The Union league in Virginia is broken to pieces. The negroes voted with the native whites. An old negro, to whom his master had never said a word, walked to the polls on election day, and opening his ticket, said: "I vote the way my old master votes." After the election was over, his old master called him up to him; told him he had been watching him; that he admired his faithfulness and his good sense, and said he, "go and take forty acres of my finest land and settle upon it, and hold it for your own and your heirs forever." That "old master" was Peter Hairston, of Virginia.—*Hillsboro (N. C.) Recorder.*

TOBACCO SEIZURES.—The Collector of Internal Revenue at Atlanta, Ga., wrote to Commissioner Delano that he had seized a quantity of illicit tobacco from the Hobson factory in the 6th North Carolina district. The Commissioner telegraphed the fact to Supervisor Perry, and he sent a special agent from Raleigh to look up the matter. On the road to Hobson's factory he met a wagon load of manufactured tobacco from Peebles' factory, and finding signs of gross fraud, seized the factory with a large quantity of tobacco. He then went and seized Hobson's factory with a quantity of tobacco, both manufactured and unmanufactured. The seizures were made on Wednesday last, as recited by our informant.—*Standard.*

A Baltimore Lady Takes the Veil.

At an early hour this morning a few friends assembled in the little chapel of the Sisters of the Visitation, corner of G and Tenth streets, to witness the regular admission of a novice to membership in that order. As soon as Father Stonestreet, S. J., (the officiating clergyman) entered the sanctuary and ascended the altar, the young lady (who was about to leave the world) entered in full bridal dress wearing a veil and orange wreath, and accompanied by a sister of the order on either side.

Approaching the railing of the sanctuary they knelt, as did the small congregation present, which consisted of a few "worldly ones" and a number of sisters, who occupied their small pews to the right, and bore each a lighted candle. Appropriate remarks were then made by Father Stonestreet The altar itself was decorated and lighted as for the celebration of mass. The services began with a chant by the sisters and prayer by Father Stonestreet, after which the ceremony was commenced. The applicant was first questioned as to whether she had fully and freely determined to leave the world and enter the sisterhood, to which she uniformly answered "Yes," and explained her desire at length.

Prayers appropriate to the ceremony were again offered, and the wreath and veil thrown off, and the white dress of the novice exchanged for the dark heavy gown of the Order. The hair was cut, and the hood and veil of a sister substituted for the more elaborate head-dress of a woman of the world. Again the suppliant was offered a choice between a life in the world and a life devoted to the Lord, when she again distinctly reiterated her selection.

She was then told that she should no longer be called Theresa Courcelle, but Sister Mary Lewis, and that henceforth she was dead to the world. Here (according to the ceremony) she prostrated herself with her face to the floor, and her body was covered with a black pall, indicatioe of death. A solemn chant was sung for some minutes while she lay prostrated.

After this she rose, again approached the railing, received the crucifix and a lighted candle, and with further prayers and instructions touching the good choice she had made in devoting herself to His service who had said, "Suffer little children to come unto me." The whole ceremony is beautiful and interesting, and is hallowed by the associations which surround it from early time.—*Wash. Express, July 22.*

A WITTY ECCLESIASTIC.—A Roman ecclesiastic, in reply to whatever question might be proposed, began by saying, "I made a distinction." A certain cardinal having invited him to dine, proposed to derive some amusement for the company from the well-known peculiarity of his guest. Saying that he had an important question to propose, he asked, "Is it, under any circumstances, lawful to baptise in soup?" "I make a distinction," said the priest; "If you ask is it lawful to baptise in soup in general, I say no; if you ask, is it lawful to baptise in your excellency's soup, I say yes; for there is really no difference between it and water."

Narrow Escape from Death of the Hon. Horace Greeley While Hunting General Grant.

LONG BRANCH, July 21.—The Hon. Horace Greeley is here. He came by the Magenta this afternoon. While riding from the depot to the Stetson House in a carriage the horses became frightened, and dashed up the beach road at a terrific rate of speed. The driver frightened, lost control of his team, and they ran away. Mr. Greeley remained in his seat. His face was pale, but beyond this there was no evidence of any fright. Fronting the United States Hotel the horses sheered from the road. The wheels of the carriage struck a board fence, tearing it up for some fifty feet. The carriage was smashed, and Mr. Greeley was thrown to the ground. Happily, he escaped uninjured. On rising to his feet he made an attempt to brush the dirt from his clothes, and said:

"Well, well; this beats my ride to Placerville with Hank Monk!"

He afterwards walked to the Stetson House. The news of his disaster had preceded him, and a multitude of persons met him on the porch. Hosts of friends warmly greeted him, and congratulated him on his narrow escape from death. After some humorous remarks, Mr. Greeley retired to his room and arranged his toilet.

During the evening he had a long talk with President Grant. It is understood that during this conversation the policy of the Government on the Cuban question was thoroughly canvassed. The President treated Mr. Greeley with the greatest consideration, and was evidently deeply impressed by his advice. Mr. Greeley will return to New York in company with General Grant to-morrow morning.—*New York Sun.*

CONSERVATIVE PROGRAMME IN MISSISSIPPI.—Should the Conservative Republicans of Mississippi elect Judge Dent Governor of that State at the approaching election, it is their intention to send him immediately to the United States Senate Colonel Warner, a New England man, who has resided in Mississippi for several years past, will receive the nomination for Lieutenant Governor, as he is a strong Conservative Republican, and upon the election of Dent to the Senate, the gubernatorial chair will be filled by Warner. Such is the programme arranged by prominent Mississippians, who are sanguine of success.

Wash. Cor. N. Y. *World.*

A French paper tells this story: X., a man on whom fortune had not smiled, married a rich heiress, Miss D., against the will of her brother a gentleman in high position.

Since his sister's marriage, D. will not recognize either the wife or the husband. One day he met X., who came up and offered his hand.

"Never," replied the implacable brother-in law.

"How! You refuse your hand to me?" said the late bridegroom. "I understand why you should not like to speak to your sister, who has made a bad match, but what reasons have you for bearing such a grudge against me, since I have made an excellent one?"

The fashion of blue coats and brass buttons was definitely set at Victoria's recent afternoon breakfast, and a very good fashion it is. Why it should be the mode to convert an assemblage of respectable men into so many funeral, raven-like specks of black it is impossible to understand. Good taste certainly has nothing to do with the matter. Let us all go back to the Websterian costume.

An English clergyman recently tried to persuade one of the black sheep of his flock to come to church, on the plea that he had seen his wife there on the previous Sunday "I hope you'll try to come now, James." "Well, sir, I think I'll try, for our Mary says you're a hell of a preacher."

Dr. Mettaver, of Macon, Ga., had a terrific hand-to hand fight with a "colored" highwayman the other night. He succeeded in planting a knife blade in his antagonist's shoulder.

The gallant New York Seventh Regiment which gained considerable renown from its Washington campaign during the late war, has now started to attack Saratoga.

A. M. Heintz, whose face was recently smashed while riding in an omnibus in London, by the careless driving of one of Messrs. Pickford's trucks, has accepted $20,000 in gold as a compromise.

Florida, it is said, contains over seven million acres of land lying along the Atlantic coast, from Indian river to Cape Sable, admirably adapted to the cultivation of coffee.

Tom asked an old "ten-per cent," what he wanted to accumulate so much money for. Says he, "you can't take it with you when you die, and if you could it would melt."

Rouse the System.

It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of langnor and debility. They complain of no specific disease; they suffer no positive pain; but they have no relish for anything which affords mental or sensuous pleasure to their more robust and energetic fellow beings.

In nine cases out of ten this state of lassitude and torpor arises from a morbid state of mach. Indigestion destroys the energy o both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now, what does common sense suggest under these circumstances of depression?—*The system needs rousing and strengthening;* not merely for an hour or two, to sink afterward into a more pitiable condition than ever, (as it assuredly would do if an ordinary alcoholic stimulant were resorted to), but radically and permanently.

How is this desirable object to be accomplished? The answer to this question founded on the unvarying experiences of a quarter of a century, is easily given. Infuse new vigor into the digestive organs by a course of HOSTETTER'S STOMACH BITTERS. Do not waste time in administering temporary remedies, but *wake the system up* by recuperating the fountain-head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant have been taken, the feeble frame of the dyspeptic will begin to feel its benign influence.—Appetite will be created, and with appetite the capacity to digest what it craves. Persevere until the cure is complete—until healthful blood, fit to be the material of flesh and muscle, bone and nerve, and brain, flows through the channels of circulation, instead of the watery pabulum with which they have heretofore been imperfectly nourished.

ASIATIC CHOLERA IN CHINA

TUNGCHOW, China, Aug. 23, 1866.

Messrs. PERRY DAVIS & SONS,

Dear Sirs—During a long residence in China, I have used your invaluable Pain Killer, both in my own family and among the Chinese, and have found it a most excellent medicine. In the summer of '62 and '63, while residing in Shanghai, I found it an almost certain cure for Cholera, if used in time. Indeed, using it in a great many instances, I do not remember failing in a single case. For three years I have been residing in this place, more than fifty miles from a physician, and have been obliged often to fall upon my own resources in cases of sickness. The Chinese came to us in great numbers for medicine and advice—Though without medical knowledge ourselves, the few simple remedies we can command are so much in advance even in their physicians, that we have almost daily applications. We allow them to come, because it brings us in contact with them, and opens a door to usefulness. In diarrhœa, colic vomiting, cholera, coughs, &c, your Pain Killer has been my chief medicine.

Yours very truly,

T. P. CRAWFORD.

KOSKOO!

THE GREAT REPUTATION

Which KOSKOO has attained in all parts of the country

AS A GREAT AND GOOD MEDICINE!

has induced Dr. Lawrence to *enlarge his Laboratory and facilities for manufacturing*, so as to be enabled to supply the extraordinary demand for it.

THE LARGE NUMBERS OF TESTIMONIALS which are constantly being received from Physicians and persons who HAVE BEEN CURED by its use, is CONCLUSIVE PROOF of its REMARKABLE VALUE.

As a BLOOD PURIFIER it has NO EQUAL

BEING POSITIVELY THE

MOST POWERFUL VEGETABLE ALTERATIVE

YET DISCOVERED!

DISEASES OF THE BLOOD.

"The Life of the flesh is in the Blood," is a Scriptural maxim that science proves to be true. The people talk of bad blood, as the cause of many diseases, and like many popular opinions this of bad blood is founded in truth. To say nothing of those humours that are hereditary, we can easily see how the blood may become bad from imperfect Digestion or failure of excretion, and how this may influence the process of Nutrition, and thus influence all the functional activities of the body.

The symptoms of bad blood are usually quite plain—bad Digestion—causes imperfect nutrition, and consequently the circulation is feeble, the tissues lose their tone and elasticity, and the tongue becomes pale, broad, and frequently covered with a pasty, white coat. This condition soon shows itself in *roughness* of the skin, then in ERUPTIVE and ULCERATIVE diseases, and when long continued, results in serious lesions of the Brain, Liver, Lungs or urinary apparatus. Much, very much, suffering is caused by impure blood. It is estimated that some that one-fifth of the human family are affected with scrofula in some form.

Persons suffering from any bad humor are very liable to have it settle on the Lungs or *some other vital organ.* The only safe rule is to remove the Blood poison at once, before it settles itself upon some vital point.

When the Blood is pure, you are not so liable to any disease. Many impurities of the Blood arise from impure diseases of large cities. Eradicate every impurity from the fountain of life, and good spirits, fair skin and vital strength will return to you.

KOSKOO!

AS A

LIVER INVIGORATOR!

STANDS UNRIVALLED.

Being the only KNOWN Medicine

that EFFICIENTLY *stimulates* and CORRECTS the hepatic *secretions* and functional DERANGEMENTS of the LIVER, WITHOUT DEBILITATING the system. When it acts *freely* upon the Liver *instead of causing pain*, it *gradually changes* the discharges to a *perfectly natural state.*

SYMPTOMS OF LIVER COMPLAINT AND OF SOME OF THE DISEASES PRODUCED BY IT.

A sallow or yellow color of the skin, or yellowish brown spots on the face and other parts of the body; dullness and drowsiness, sometimes headache; bitter or bad taste in the mouth, internal heat; in many cases a dry, teasing cough; unsteady appetite; sometimes sour stomach, with a raising of the food; a bloated or full feeling about the stomach and sides; aggravating pains in the sides, back or breast, and about the shoulders; constipation of the bowels; piles, flatulence, coldness of the extremities, &c.

KOSKOO!

Is a remedy of WONDERFUL EFFICACY in the cure of diseases of the KIDNEYS and BLADDER. In these affections it is as MUCH a specific as any *remedy can be.* It does its work *kindly, silently, and surely.* The RELIEF which it affords is both *certain* and *perceptible.*

DISEASES OF THE KIDNEYS AND BLADDER.

Persons unacquainted with the structure and functions of the Kidneys cannot estimate the *importance* of their *healthy action.*

Regular and sufficient action of the Kidneys is as important, nay, even more so, than regularity of the bowels. The Kidneys remove from the blood those effete matters, which if permitted to remain would speedily destroy life. A total suppression of the urinary discharges will occasion death in forty-six to forty-eight hours.

When the Urine is voided in small quantities at a time, or when there is a disposition to Urinate more frequently than natural, or when the urine is high colored or scalding with weakness in the small of the back, it should not be trifled with or delayed, but Koskoo should be taken at once to remedy the difficulty, before a lesion of the organ takes place. Most of the diseases of the Bladder originate from those of the Kidneys, the Urine being imperfectly secreted in the Kidneys, proceeding to the Bladder and Urinary passages. When we recollect that medicine never reaches the Kidneys except through the general circulation of the Blood, we see how necessary it is to keep the Fountain of Life Pure.

KOSKOO!

Meets with GREAT SUCCESS (as hundreds of certificates will show), in the CURE of

DISEASES OF THE NERVOUS SYSTEM.

Almost nine-tenths of our people suffer from nervous exhaustion, and are, therefore, liable to its concomitant evils of mental depression, confused ideas, softening of the brain, insanity, and complete breaking down of the general health. Thousands are suffering to-day with broken-down nervous systems, and, unfortunately, tobacco, alcohol, late hours, over-work, (mental and physical), are causing diseases of the nervous system to increase at a fearful ratio.

The symptoms to which diseases of the nervous system give rise, may be stated as follows: A dull heavy feeling in the head, sometimes more or less severe pain or headache; Periodical Headache, Dizziness, Noises or Ringing in the head; Confusion of Ideas; Temporary loss of Memory; Dejection of Spirits; Starting during Sleep; Bad Dreams; Hesitation in answering questions; Dulness of Hearing; Twitching of the Face and Arms, &c., which, if not promptly treated, lead to Paralysis, Delirium, Insanity, Impotency, Apoplexy, &c., &c.

CONCLUSION.

Suffering reader, do not think that because you have tried other remedies, you cannot be cured—but recollect that God, in His Providence, has not afflicted his children with pain and disease, without at the same time giving them something in the Great Garden of Nature that will cure them.

Have no hesitation in writing to me, and stating your case in full, and I will answer you promptly.

On Thursday evening, the 29th, Mrs. Tatum proposes to give, at her residence, an entertainment of Ice Cream and Cake, for a charitable purpose. The patronage of the ladies and gentlemen of Charlotte is earnestly solicited. It is presumed no further recommendation is necessary than that the treat is to be prepared by a housekeeper from the Old Dominion.

Hours from 6 to 10 in the afternoon.

Card of Thanks.

At a meeting of the Committee of the Masonic Temple, held at Masonic Hall July 21st, A. D. 1869, A. L. 5369, the following Preamble and Resolutions were unanimously adopted:

WHEREAS, Many of the Ladies of Charlotte and vicinity did render to us material aid at our late Masonic Festival and Fair, by many valuable contributions of various kinds; by devoting much of their time and labor in the decoration of the beautiful grounds where it was held, and by the untiring zeal and fidelity they manifested in the management of the several tables, stands and other articles over which they had control; and believing that their presence gave additional brilliancy to our beautiful scenery, we therefore desire to render to them some tribute of our admiration for their sincere devotion to our cause, therefore,

Resolved, That in behalf of the fraternity of A. F. and A. M., we will ever cherish with a grateful remembrance the Ladies of Charlotte who rendered to us such efficient aid in our late Festival; and as it is impossible for us to specify each and every Lady who deserves praise at our hands, we have adopted this mode as the best. Ladies, we thank you all, every one who helped us.

Resolved, That the City papers be requested to publish the same.

We therefore hope this notice, calling their attention to it, will suffice.

It is stated that the Department will order its confiscation and sale. The bond required is $200,000. The value of the property is between two and three hundred thousand dollars.

Secretary Boutwell has addressed a letter to the Comptroller of the Currency announcing that he has decided to permit the substitution of 10-40's for 5-20's, or exchange any gold-bearing bonds now held as security for circulating notes, on the basis hitherto adopted, 10-10's to be received at eighty-five per cent. on their par value, all other gold-bearing bonds at 90 per cent. The six per cent. currency bonds issued to the Pacific Railroad will not be received as security for the circulation of National Banks, and the exchange of gold-bearing bonds is subject hereafter to revision if it should be found that such exchange is so frequent as to become onerous to the Department.

ROCKBRIDGE ALUM SPRINGS,
VA.,
OPEN MAY 15th.

This favorite and celebrated summer resort is now in complete order for the reception of guests.—Some important improvements have been added to the buildings since the establishment passed into the hands of the present proprietor, and it is his purpose to keep it in a style not surpassed any where in Virginia.

The remarkable medicinal and curative power of the water is well known to the medical profession and to the springs going public. As an
ALTERATIVE, A DIFFUSIVE STIMULANT,
AND TONIC.

There is no known mineral water equal to it. In all anæmic conditions of the system, and broken down states of the constitution, loss of appetite, and general nervous prostration, its powers and virtue as a restorative may be safely pronounced to be without a known rival among the mineral waters of the world. They are ESPECIALLY INDICATED in the whole class as ailments peculiar to the female constitution.

The Proprietor will have provided for the Lawn and Ball Room a first-class BAND OF MUSIC, and in general, all the sources of amusement and recreation, usually found at our best summer resorts, will be at the command of the guests at Rockbridge Alum.

The place is within 11 to 13 hours of Richmond, Washington, Baltimore and Lynchburg, by rail, ALL IN DAYLIGHT. Passengers leave the cars of the Chesapeake and Ohio Railroad at Goshen Depot, and new and elegant stage coaches, passing rapidly over a smooth and level road at only eight miles, set down the visitors at the Springs to tea.

The Rockbridge Water, put up in GLASS, containing ALL its medicinal qualities can be had at the well-known Drug houses of
JOHN H McADEN,
CHARLOTTE, N. C.
WILLIAMS & HAYWOOD,
RALEIGH, N. C.
who will furnish on application, pamphlets containing the analysis of the water, and letters from eminent physicians, with a few certificates out of many of the wonderful cures made by these waters.

PIANO-FORTES.
The last new addition to our different styles is attracting the admiration of both critics and populace. We mention specially, some of the claims of this new *Piano*. Believing the exterior should be as beautiful to the eye as melody to the ear, we have paid great attention to getting them up in a style that is conceded by all who have seen them to be the handsomest Piano-Forte made. They are an entirely new style, with four round corners, heavily carved legs and lyre, base richly moulded, and contains *our latest improved new style and action* The tone is melodious, and its adaptability to passages of every shade of expression, from the softest murmur, the Cressendo and the FF, gives the performer every advantage of the *Concert grand.*—Price $500. CHEERING SUCCESS.
LARGE DIVIDEND OF INSURANCE.
The Piedmont Life Insurance Company, of Virginia, has
DECLARED A DIVIDEND OF
FORTY PER CENT.
on its Life Policies, which have paid two annual premiums, and the same is available on such policies at next renewal to absorb loans, or reduce cash payments.
The dividend could have safely been larger, but with the
PRUDENCE AND CAUTION
which has ever guided this company, it has deemed it proper to hold a surplus beyond the reserve fund.
The company is now only in the *eighteenth* month of its active operation—yet
HAS ISSUED 3,000 POLICIES
which is a success really remarkable, and far ahead of any company of like period in America or Europe; while its handsome dividend shows the economy of its administration, and the
UNDOUBTED PERMANENCY OF
ITS SUCCESS.

THE BALTIMORE
PARLOR HEATERS,
COOKING STOVES,
COOKING RANGES,
HOT-AIR FURNACES, &c.
S. B. SEXTON'S CELEBRATED
PATENT BALTIMORE PARLOR HEATERS
AND GAS BURNERS,
for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three Stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMCAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.
We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for *baking* and *cooking*. We have Stoves to take in *long wood* and with *large ovens*, and are *superior Stoves for baking*. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood*. They will have a beautiful finish, and will stand among the No. 1 Cook Stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market.—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filling.
Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage. S. B. SEXTON & CO.,
